FINAL REPORT 2022

Dear Supporters,

I'm sure that you have all heard that the crisis in Haiti has escalated to a new high in the past weeks with the country having no democratic elected officials in any government capacity since January 9th. Almost 200 gangs control most areas in Haiti, making it seemingly impossible for the transportation of goods and people across the country. These gangs wreak death and destruction as the country spirals into famine. The picture is very bleak and sad indeed but take heart, as you have made a very tangible difference in the lives of many children and families in 2022 through your very generous donations with COHH.

January-May

- 100 lbs of meat totalling \$516 US was purchased for 4 leaders who shared it with their communities. This one- time gift which was appreciated.
- Amos, a high school graduate, went to the Dominican Republic for work and needed a new laptop for on-line customer service. He was very thankful for the \$175 received.
- Kerry Sylne was in the education sponsorship program and also received a scholarship for higher education. He asked us for help to feed his mother and siblings as his father, a blind leader, passed away in 2021. We were able to give this family a gift of \$230.

August

- \$5,000 US sent for the education of the children at the home.
- \$3,800 US sent for the education funds for the children in the northern part of Haiti. (A note was distributed to all the families that this will be the last year we will provide education funds.)
- \$2,700 US sent for the education funds for the children in the southern part of Haiti. (A note was distributed to all the families that this will be the last year we will provide education funds.)
- MAEDH, (aid mission for disadvantaged and disabled) received \$1,000 US to assist with schooling and food for the 15 special needs boys living there.

October

- \$3,000 was sent to help with Haiti relief, for the many people that come to Phyllis daily for food and assistance.
- A total of \$800 US was sent to pay for tests, surgery, medication and transportation for Daphney, one of the girls that used to be in the children's home. She had a possible malignant, large growth that had to be removed.

December

- A main leader received \$1,000 US for help with his community.
- MAEDH also received another \$1,000 US for Christmas food and needs with the 15 boys.

Rice Appeal Update

A massive thank you goes to everyone who donated in response to our Rice Appeal in December. So many of you responded and because of your generosity to this plight, we have received \$29,412 CAD to date and counting!

Phyllis had desired to purchase 5,000 bags of rice, but because of the huge food shortage, the rice supplier was only able to sell her 4,000 bags which cost \$84,000 US. On January 12th, we paid \$22,000 USD (\$27,000 CAD) on her account, directly to the supplier. Another supporting group in Florida paid \$56,000 USD. So, she has an outstanding balance of \$6,000 USD still left to be paid off.

We are so thankful that all of the rice has been distributed safely. The 4 main leaders arranged for 4 trucks and drivers to pick up the rice from the supplier. They had to divert from the main roads which are patrolled by gangs, to travel long distances through back roads to reach their drop off destinations. There, the leaders had the people meet to pick up their share of rice. Phyllis confirmed with us that everyone received all 4,000 bags without any mishaps. She is very grateful for this gift of rice and support and below is her personal note of thanks to you all.
